description

Zirconium Mitered Top
Surface Mounted Bollard

details

This is part of our popular Zirconium range polished to a Satin finish. Set at 0.9 Meter high with a 101.6mm outside diameter and a mitered top (Other tops are available in this range). Ideal in a whole range of applications suitable for bolting down to various surfaces. Manufactured in Stainless Steel in Grade 304, the bollard benefits from the clean look of Stainless Steel and is very low maintenance.

notes
